

Red experiments

BitBucket: [https://bitbucket.org/gsccloud/red_experiments]

GitHub: [https://github.com/GSCloud/red_experiments]

Usage

- **make** - CLI help
- `make doc` - rebuild documentation
- `make everything` - run all make points
- `make install` - (re)install Red
- `make redds` - rebuild Red documentation
- `make test` - test Red

Examples

```
red --version
```

```
red hello.red
```

```
red GUI_test.red
```
